Thank you for calling me regarding the potential sale of your property. This book is designed to provide background on my experience and qualifications to market your property. It will also outline the process I will undertake to prepare for your appointment, what you can expect during the appointment and after.

ABOUT ME

Louise Levesque is a discreet full-service residential real estate expert; she strives to service the entire spectrum of clients that Kelowna has to offer. She leads the selling process by putting the best interest of her buyers or sellers at the forefront. Louise truly cares about what is in the best interests of her clients. She is a Kelowna Real Estate Advisor with extensive experience representing home/property sellers and buyers, has exceptional knowledge of Kelowna neighbourhoods, as well as a keen ability to foster solid relationships.

She is enthusiastic, diplomatic, self-motivated, and a fluently bilingual (French and English) professional who prides herself on integrity and Award winning service.

Louise lives in Kelowna's Lower Mission with her family. She enjoys world traveling, fashion and fitness.

LOUISE'S COMMITMENT

Buying or selling a home is a big decision that requires knowledge, insight and purpose-driven determination. You need a professional to guide you through the process. When you work with Louise, you can count on personal, honest, attentive, patient service, excellent knowledge of the area and community, as well as great negotiation skills and expert selling strategies.

Most REALTORS® prefer spending most of their time and resources prospecting for new business - things like: cold calling, door knocking, advertising, direct mail, etc... Instead Louise devotes herself to serving the needs of her clients before, during and after you buy or sell a home. Because, you see as long as you and her other clients keep referring her, she can totally focus on doing an even better job for you and the people you refer.

All she asks is that while she is working for you, that you refer her to your friends and family that are thinking of buying or selling a home and would appreciate the level of service she provides.

TRUST

Louise's real estate business isn't solely based on selling houses, it's about helping people get what they want. She is there to listen to your needs, give you sound professional advice, and hopefully build a lasting relationship - one built on honesty, integrity and mutual trust. It's about helping people find happiness.

PRIOR TO OUR APPOINTMENT

Before meeting any potential seller client, I will do some basic research on your property, including but not limited to:

- Consulting with municipality building department.
- Building permit, final occupancy and house plan.
- B.C. Assessment Authority data.
- Determine Zoning of the property and other aspects of the property.
- Check on available documentation for property such as strata, rules, reports, farmland / acreage etc.
- Lot Plan, Easements, Right of ways.
- Utilities including water, electricity and natural gas.
- Reviewing neighborhood statistics.
- Review a title search for the property including legal ownership and charges.
- Begin process of drafting a Competitive Market Analysis for your property.

FOR OUR FIRST APPOINTMENT

Our first meeting is an opportunity to meet in person and get to know each other a little bit. We'll discuss the details about your home as we take a full tour and you can show me any special or unique features you feel would stand out. This will really help me in finding prospective buyers for your property. We will discuss what your expectations are of me, as your potential real estate representative. I will take you through my marketing plan and show you why it is in your best interest to choose myself as your REALTOR® and Royal LePage to represent you and your home. I will answer any questions you may have for me, then we can set up our next meeting.

What I will need you to prepare for our first meeting:

- Your most recent Tax Assessment
- Recent Utility Bills
- A Survey Certificate (if you have it)
- Any septic / well information
- Any other pertinent information on the property
- Any other pertinent information on the property

AFTER THE FIRST MEETING AND PRIOR TO THE SECOND APPOINTMENT

The draft of the Competitive Market Analysis will be completed and the field of comparable sales and competing offerings will be narrowed to include those most similar to your property based on my inspection.

Certain properties will require detailed percentage adjustments to account for differences between your property and the recent sales. In that case, I will illustrate the percentage adjustments of the important elements of comparison between your property and those of recent sales. This will allow us to arrive at sales prices for the comparables that are more meaningful in the prediction of the selling price for your property.

FOR OUR SECOND APPOINTMENT

I will present a Personalized Marketing Plan to expose your property to potential buyers 24/7 and my price opinion.

Keep in mind that the price suggested in the Competitive Market Analysis is only the first step in deciding on the initial offering price of your property.

We will discuss the marketing process in detail and any questions you have will be answered.

At that time I will provide a checklist that will help you prepare your home for photography and some other useful information to help you get the best value for your home.
