THE REAL ESTATE REPORT

EMBRACE THE WINTER AT HOME

These tips will warm your heart and hearth during colder weather

With the approach of winter, it's time to transform your home into a warm and welcoming sanctuary, protecting you from the chill while enjoying the charm of the season. Here are some tips to help you create a comfortable and functional space during the colder months.

Layer Up: Replace light summer curtains and bedspreads with heavier fabrics such as wool and flannel. Covering the bed with comforters and blankets not only adds warmth but also creates a cozy and visually appealing atmosphere.

Warm Lighting: Embrace the softer setting of early winter by opting for warm-toned lighting. Use table lamps and fairy lights to create an atmosphere perfect for relaxing evenings indoors.

Fireplace Magic: If you have a fireplace, make it the focal point of your living space. Arrange seating around it, light it up, and enjoy the comforting warmth and mesmerizing glow of the flames.

Hot drinks station: Set up a hot drinks station with a variety of teas, coffees and hot chocolates. Having a hot drink on hand adds a touch of luxury to chilly mornings and evenings.

Winter fresh: Bring the fresh scent of the season into your home. Candles, an essential oil diffuser, or a pot simmering spices like cinnamon and cloves can fill your home with delicious scents, creating a enticing environment.

Cozy corner: Create a reading nook with soft cushions, blankets and rugs. This is the perfect place to relax with a good book and a cup of tea while watching the snow falling outside.

Be prepared: Prepare your entry or mud room for wet and snowy conditions. Set up a sturdy doormat for wiping shoes, a bench to change out of winter wear and consider a boot rack to keep your floors dry.
